

Enhance SAP SuccessFactors with an HR document management system and processes tailored to your needs, while preserving the uniqueness of your data.

The Neocase integration application for SuccessFactors seamlessly and securely extends the functional scope of your Core HR. With our no-code interface, easily leverage the flexibility of the Neocase solution, including the digitalization of your HR processes and electronic document management, to meet the day-to-day operational needs of your HR teams.

Key Features

No-Code Mapping Interface

Select which data to synchronize between SAP SuccessFactors and Neocase, including custom fields. Precisely filter what should be transferred based on your business needs.

Bidirectional Data Updates

Real-time synchronization of information between both systems, with full control over data flows.

Configurable Triggers

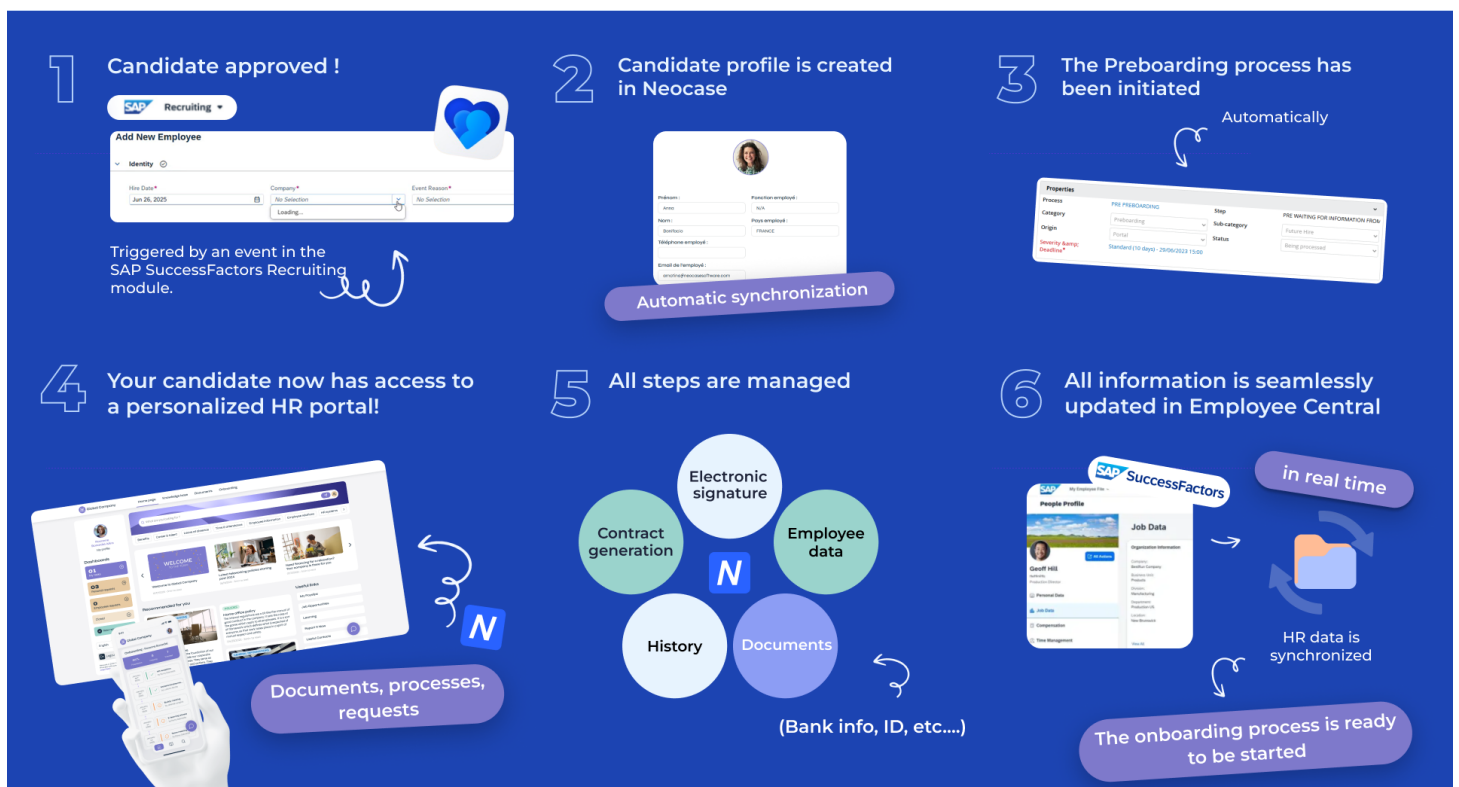

Automatically launch complete HR workflows (such as a preboarding process) triggered by an event in SAP SuccessFactors. Take charge of employee journeys, conflict management, workplace well-being, document management, or daily HR operations, all while maintaining full control over your data.

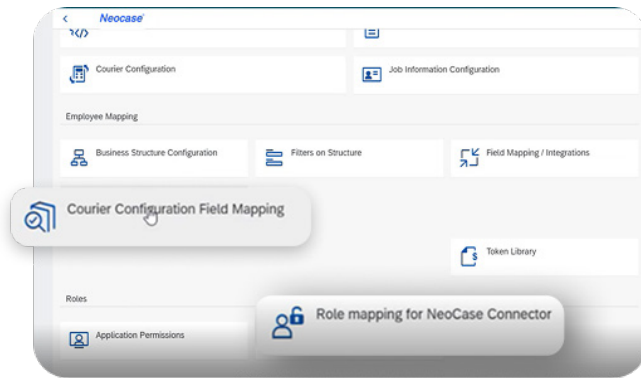

End-to-End Management of HR Documents: Generation, Secure Collection, and Archiving

All exchanged documents are automatically stored in Neocase's HR document management system (employee folder + digital vault).
